10.3.3.1. Deleted

10.3.4. Go Rounds

10.3.4.1. If number of entries is less than forty (40) at a four performance rodeo, less than fifty (50) entries at a five performance rodeo, or less than sixty (60) at a six performance rodeo; the rodeo committee has the option, with Director approval, to make the barrel race two (2) gos. Rodeos with seven or more performances must have two go rounds unless by special Director approval.

10.3.4.2. In instances where the number of entries exceeds the above, Directors discretion may be used to determine the number of go rounds based on the number of performances and added money.

10.3.4.3. Pro Tour Rodeos must have at least two go rounds. Exceptions allowed only by WPRA Board approval.

10.3.5. Finals or Short Go Rounds

10.3.5.1. There will be no fill-ins for a short go.

10.3.5.2. The amount of money for a short go round will be ten percent (10%) of the total purse, after deducting five percent (5%).

10.3.5.3. When a finals is held, all times will be counted for the average.

10.3.5.4. A FINALS at any given rodeo must be approved by the WPRA Board of Directors.

10.3.5.5. Ties — Unless otherwise approved at the time of the rodeo approval by the WPRA Board of Directors, the standard procedure for selecting finals contestants shall be: a) two or more head with a finals: Top 12. Ties will be broken by the fastest time on any one run. If still tied, the tie will be broken by the second fastest time on any one run. If still tied, the next fastest time on any one run will be used. If still tied, the next fastest time will be used, with the process repeated until the tie is broken. b) One head with finals: Top 12. If 12th place split, drop all splits and use 11 contestants. If 11th place split resulting in more than 12, drop all splits and go to top 10. If 10th place split resulting in more than 12 all must be accepted. If go rounds are held in separate arenas, tie will be broken by the highest placing on any run. If still tied, the next highest placing on any run will be used. Any ties may be approved by Stock Contractor, Committee and/or Circuit Director.

10.3.5.6. Making the Finals — Anyone making the finals at a rodeo that conflicts with another rodeo that has a committee purse of \$3,000 or more will be moved at the conflicting rodeo to the first available performance on the next day following the finals at the first rodeo with the last available position, provided the contestant does not create the conflict through a trade. A rake is not mandatory. Contestant will run last in all go rounds in which she

is moved due to conflict. In the event of subsequent go rounds, if contestant is moved for only one go, she will run last in that go and then back to her original drawn position in other go(s). If she is moved due to conflict for all goes, she will run last in all goes. End of go rounds shall not interfere with moving contestant per this rule. In a back to back situation, you will be moved to the next available SET, meaning you will run your first go first and your second go second. A rake is not mandatory.

10.3.5.7. Contestants qualifying for finals in the barrel race at regular season rodeos will have their positions randomly drawn regardless of whether hand raking is an option.

10.3.5.8. Progressive go is tradable and all Finals performances will be random draw. Entry fee and payoff will be on the existing two go round scale as defined in section 10.3.1. When 2nd go rounds are either progressive or run in reverse order, all releases or turn outs will be treated as the slowest times. If there are multiple releases or turn outs, they will be randomly drawn to order them as the slowest.

10.4. Procom — Entries

10.4.1. Entries and Limitations

10.4.1.1. All entries for PRCA rodeos will be taken through Procom.

10.4.1.2. All rodeo entries, call backs and closings will be taken under Procom time parameters, which is Mountain Time.

10.4.1.3. Contestants, when entering, must have valid,

correct WPRA number or they will not be entered.

10.4.1.4. Contestants are responsible for the use of their WPRA numbers and possible consequences related to its use.

10.4.1.5. There will be a ninety (90) minute time period after each closing time to allow contestant to draw out or change preferences. Adjustments must be made before the ninety (90) minutes expire, unless a further extension of time is allowed by Procom. (Example: conflicting entry closing times.)

10.4.1.6. Turn out and release information must be called into Procom three (3) hours prior to the scheduled performance time, Mountain Time. If slack is held in the morning prior to the first performance, then deadline is 5:00 pm Mountain Time the previous day.

10.4.1.7. Deleted

10.4.1.8. Specification of Unofficial Entries Any rodeo entered will be considered an “official entry” unless otherwise specified by the contestant at the time of entry through Procom. Once positions are drawn a contestant cannot change an “unofficial entry” to an “official entry.” Only money won at “official entry” events will count for Championship points. Only “official entry” events will count for rodeos that have qualifications. All sponsor points will count at any rodeo, regardless of the designation. A contestant may enter as many WPRA events as she so chooses. However, no more than 100 WPRA approved events for barrel racing contestants will be accepted as “official entries”. If a rodeo is entered as “unofficial” for World Championship points, rodeo may still be “official” for circuit points.

10.4.1.10.1. All rodeos with limited entries will set a mandatory release deadline. After the **mandatory release deadline**, the only way out of the rodeo is a turn-out. Only contestants previously drawn out due to qualifications will be **eligible as replacements**.

10.4.1.9.

A Parameter may be used at time of entry whereby a contestant may specify that a given rodeo be considered an “unofficial entry” if a certain number of go rounds or entries occur. Examples: “unofficial entry if two”, “unofficial entry if less than 40.”

10.4.1.10.

All entries in Canadian rodeos will be considered “official entries” unless the contestant designates the rodeo as “unofficial.” WPRA contestants entering a Canadian rodeo have the opportunity to re-designate to “unofficial entry” a conflicting rodeo (either in the U.S. or Canada) up until the first turn out deadline of the rodeo that the contestant wished to re-designate. All such re-designations must be done through Entry System Office.

10.4.1.11. Conflicts

10.4.1.11.1. Conflicts Due to Qualification for Progressive Go Rounds or Finals

A contestant who qualifies for a progressive go round or finals, resulting in a conflict with another “official entry” rodeo at which she has not yet competed may request that the Entry System Office re-designate the conflicting rodeo as an “unofficial entry” rodeo. This notification must be no later than the turnout deadline of her scheduled competition at the re-designated rodeo. Contestant shall still be responsible for entry fees, additional charges and corresponding turnout fines for the re-designated rodeo. Position in Multiple Rodeos on the Same Day If contestant is entered in two (2) rodeos, and is positioned in both rodeos on the same day, contestant may designate one of the two rodeos as an “unofficial entry” rodeo. Barrel race

contestants have until the first timed event turnout deadline of the rodeo to declare a re-designation for the conflicting rodeo.

10.4.1.11.2. Conflict Due to Rerun

A WPRA contestant with a rerun which can only be taken during a performance other than that contestant's originally scheduled performance for that rodeo, thereby creating a conflict with a second rodeo, may re-designate either rodeo as an "unofficial entry" only if no penalties have occurred. If a contestant has a penalty in which the rerun was awarded, contestant may only re-designate the second rodeo as unofficial. No Re-designation for the Go Round Conflict created by Contestant No re-designation will be allowed if a contestant creates a conflict by trading her original position.

10.4.1.12. Verification of Unofficial Entry

Verification of "unofficial entry" will be mailed to each contestant who has designated a rodeo as an "unofficial entry" no later than fourteen (14) days from the end of the given rodeo. Protest must be made within fourteen (14) days of the date of the letter. If no protest is made by the contestant within the fourteen (14) days of the date of the letter, status of the entry will stand.

10.4.2. Back to Back Runs

10.4.2.1. At rodeos when back to back runs are approved, contestants will make runs in consecutive performances or slacks.

10.4.2.2. When back to back runs are the same day and a rerun is necessary, contestant may be given the option of competing in another designated time or performance.

10.4.2.3. Back to back runs apply to rodeos only.

10.4.2.4. At priority preference rodeos that are back to back, **both go rounds must be traded as one. If you trade your first go round you must also trade your 2nd go round to the same contestant.**

10.4.3. Buddy System

10.4.3.1. Up to four (4) contestants may be drawn for position together, but only in the same event. However, there are two (2) exceptions: 1) A WPRA member may buddy with a PRCA member only if it is her husband or immediate family. A WPRA member may not buddy with any other WPRA members, except immediate family members, if she is already buddied with a PRCA member. A copy of a marriage certificate verifying marital status must be on file in the WPRA office. WPRA contestants will compete in the nearest performance or slack the same day PRCA buddy is competing in the first go round only. Back to back rodeos are the exception to this clause. 2) If a barrel racer is buddied with a PRCA member whose event's first go ends prior to the first performance, the barrel racer can buddy on his second go if designated at the time of entry.

10.4.3.2. A contestant may have one, two, or up to three buddies at priority preference rodeos.

10.4.3.3. A person wishing to buddy with another contestant must have that contestant's PRCA or WPRA number. Should that contestant later enter herself without reciprocating the same buddy information, then the "buddy" situation may be negated.

10.4.3.4. Specifically ask to be placed on the buddy system. Contestants wishing to buddy must have exactly the same preferences and parameters. Any deviation negates the buddy condition.

10.4.3.5. The buddy system will have a primary and

secondary entry designation. The primary entry is the person making the entry and the secondary entry is the person entered by the primary entry.

10.4.3.5.1. In the case of duplicate, or multiple buddies, the primary entry's choice of a buddy will be honored.

10.4.3.5.2. In the case of duplicate or multiple secondary buddies, the latest entry will be honored.

10.4.3.6. A barrel racer can buddy with her husband or immediate family who can buddy with two other contestants, as long as they have a common event.

10.4.3.7. At priority preference rodeos with more than six (6) performances, wives can buddy with their husbands on his second go round positions. At non-priority preference rodeos, wives cannot buddy with their husbands on the second head, but will be buddied on the first head.

10.4.4. Entry Parameters

10.4.4.1. Once a member enters a rodeo, she has four options available to her: 1) Draw out in the ninety (90) minutes after the books close — does not have to pay entry fees. 2) After callbacks and entrant knows when she is up, she can turnout, meaning she will have to pay entry fees and be subject to a turnout fine. 3) After callbacks and entrant knows when she is up, she can Release and she will not have to pay entry fees but will have to pay a **twenty dollars (\$20) per rodeo** fine and cannot compete for seven (7) from the first time the release is used. 4) Member can also trade at rodeos per rule 10.6.

10.4.4.2. Out if one, two or three go rounds etc. Contestants wishing to give an "out if" parameter must make said parameter event specific.

10.4.4.3. Out if less than 10, 20, 30 etc. contestants, in increments of ten (10) only. When totaling the number

contestants to base this parameter on, the contestant issuing the parameter will be included in the summation. Example: out if less than ten (10) contestants, her entry included in the count.

10.4.5. Priority Preference

10.4.5.1. P.P. means priority preference.

10.4.5.2. Contestant shall indicate when she enters whether or not she has a preference for when she is up in the first go round. A maximum of 2 preferences will be allowed A specific slack may be given as a preference. In the case of 2 or more go round contests, (middle) may be designated as a preference. Middle will be defined as the performance or slack in which the first go round is completed.

10.4.5.3. Contestant will give a preference for the first go when she enters.

10.4.5.4. Deleted

10.4.5.5. At priority preference rodeos with more than six (6) performances, wives can buddy with their husbands on the second head.

10.4.5.6. At non-priority preference rodeos, wives cannot be buddied with their husbands on the second head, but will be buddied on the first head.

10.4.6. Duplicate Entries

10.4.6.1. In the case of duplicate entries, the latest entry's parameters and preference will be accepted.

10.4.6.2. In the case of duplicate or multiple buddy entries with any deviation in parameters or preferences given, each primary entry's parameters and preferences will be honored, and the buddy system will be negated.

10.4.7. Permits Maximum

10.4.7.1. Permits maximum will be fifteen (15) a day or ten (10) contestants a performance.

10.4.7.2. At PRCA rodeos with PERMITS MAXIMUM, if a WPRA contestant wants to be left in her event, she must specifically ask to be left in if her husband is a permit holder and is drawn out of his event. Otherwise, she will be drawn out also and cannot be put back in the draw.

10.5. Entering and Payment of Entry Fees

10.5.1. All entry fees not paid to Arena Secretary are to be sent to the WPRA office.

10.5.2. Contestants shall refer to both the official publication of the WPRA, the PRCA's Pro Rodeo Sports News (PSN) and the WPRA Website www.wpra.com for closing dates of entry. Subscriptions may be obtained from the WPRA.

10.5.3. Member must give her member number when entering a rodeo. A member will be responsible for the entry fee money of any girl she enters.

10.5.4. Contestants competing at the rodeo must pay entry fees to the rodeo secretary at the rodeo or entry fees must be received in the WPRA office by 3:00 PM Mountain Time, Tuesday following the end of the rodeo.

10.5.4.1. Contestants turning out of a rodeo must have entry fees paid in the WPRA office by 3:00 PM Mountain Time, Tuesday following the end of the rodeo.

10.5.4.2. Contestant must notify rodeo secretary of method of entry fee payment.

10.5.5. The official rodeo secretary will take the entry fees, handle the payoff, and be responsible to send the WPRA results into the WPRA Office.

10.5.6. Arena secretaries may ask contestants to show WPRA membership card at time entry fees are paid.

10.5.7. WPRA office will be responsible for nonpayment of entry fees by WPRA members.

10.5.8. A contestant must enter an entire rodeo, not by go round.

10.5.9. Deleted

10.6. Trade Rule

10.6.1. First go round. Contestant may trade positions in the first go round, which includes all one go round rodeos, for a PRCA/WPRA sanctioned event only in accordance with the terms and conditions of Rules 10.6.1.1 through 10.6.1.4.

10.6.1.1. Eligibility. Contestants may trade positions in the first go round of a PRCA/WPRA sanctioned rodeo only if the scheduled competition time of at least one of the contestants involved in the trade is in conflict with her scheduled competition time in that same event during the first go round of another PRCA/WPRA sanctioned rodeo. The exception is that a member may trade a first go round which conflicts with a second go round of a back-to-back situation, following applicable rules. For the purposes of this rule, "conflict" shall be defined as a contestant positioned to compete, on the same day, in the same PRCA/WPRA approved event during the first go round of two (2) or more rodeos. A contestant shall be limited to only one first go round trade per event at any given PRCA/WPRA sanctioned rodeo. Trades for multiple events must be requested and granted separately, and the granting of a trade in one event shall not automatically entitle a contestant to a trade in another event. Trades shall also be specific to the individuals involved and shall not apply to buddy groups of which the traded individuals are members.

10.6.1.2. Notification to Procom and second callback period. For a trade to be effective, each contestant involved in a trade must personally notify Procom of the trade no later than 5:00 PM, Mountain Time, on the first PRCA National Headquarters business day following the original call backs for that rodeo. Procom will establish a

second position call back time (after the original call back time) for contestants to confirm whether the trade was made, Contestants shall be responsible for contacting Procom to ensure the trade was made, and no contestant shall be excused from fines or their sanctions for missed competition times because a trade was not made. Information on entries will not be given to rodeo secretaries or rodeo committees until after the second callback period has ended.

10.6.1.3. Trading Options: No re-designation of Unofficial. If a trade is allowed under these Rules, the positions of the contestants involved in the trade may be exchanged, or a contestant may trade into an available open position, as long as no open position in a performance is created by such a trade. Once a trade is granted, the traded positions shall be effective for all go rounds in that rodeo. If a trade request is granted, the contestants involved in the trade may no longer designate that rodeo or event as an “unofficial” rodeo or event, even if the contestant would still be eligible to re-designate the rodeo or event as “unofficial” pursuant to WPRA Rule 10.4.1.13.

10.6.1.4. Violations and Turnout Fines. Any contestant or other individual found to be intentionally violating the provisions of this rule will be disqualified from the rodeo, will be required to return any and all monies won at the rodeo in the event involved, and will be subject to a fine. For purposes of turnout fines, once a contestant has traded positions, she will be treated as if she has received her requested preference for a performance preference rodeo.

10.6.1.5. Contestants are allowed **four (4)** free trades (without another conflicting rodeo) per competition year. **A free trade will be taken from the member listed as initiating the trade, as recorded by Procom.**

10.6.2. Conflicts

Conflicts Due to Qualification for Progressive Go Round or Finals.

A contestant who qualifies for a progressive go round or finals, resulting in a conflict with another “official entry” rodeo at which she has not yet competed may request that Procom re-designate the conflicting rodeo as an “unofficial entry” rodeo. This notification must be no later than the turnout deadline of her scheduled competition at the re-designated rodeo. Contestant shall still be responsible for entry fees, additional charges and corresponding turnout fines for the re-designated rodeo.

Position in Multiple Rodeos on the Same Day

If contestant is entered in two rodeos, and is positioned in both rodeos on the same day, contestant may designate one of the two (2) rodeos as an “unofficial entry” rodeo. Barrel race contestants have until the first timed event turnout deadline of the rodeo to declare a re-designation for the conflicting rodeo.

Conflict Due to Rerun

A WPRA contestant with a rerun which can only be taken during a performance other than that contestant’s originally scheduled performance for that rodeo, thereby creating a conflict with a second rodeo, may re-designate either rodeo as an “unofficial entry” only if no penalties have occurred. If a contestant has a penalty in which the rerun was awarded, contestant may only re-designate the second rodeo as unofficial.

10.6.3. Second and Subsequent Go Rounds

At performance preference rodeos, positions in subsequent go rounds may be traded by contestants upon obtaining,

from the arena secretary, a trade form and submitting said form to arena secretary prior to the specified deadline. Arena secretaries may trade a contestant into an open position created by a turn out or draw out, provided this is done prior to the time indicated below. A trade to an open position which would move a contestant from a performance to a section of slack will not be allowed. No second go round trades will be allowed if an event is back to back.

10.6.4. Deadline for Timed Events

10.6.4.1. The deadline for submitting the trade form to the arena secretary in the timed events shall be the end of the first go round, except that, where a split performance ends a go round, the deadline shall be the end of the prior performance or section of slack.

10.6.5. Contestant Cannot Trade

10.6.5.1. Contestant CANNOT trade from a performance.

10.6.5.2. Contestant cannot trade within her performance. Contestant will run where drawn.

10.7. Releases and Turnouts

10.7.1. Releases

10.7.1.1. If a contestant is releasing out of a PRCA/ WPRA rodeo, she must notify Procom no later than three (3) hours prior to the performance she is up in. Releases carry a charge of \$20 per rodeo released.

10.7.1.2. Deleted

10.7.1.3. A contestant is allowed a total of two (2) releases in a rodeo year. Competing in a WPRA co-approved event within the seven day period terminates that release. Contestant may compete at a WPRA co-

approved event (barrel race approved with another primary association, such as a large 4D jackpot), but monies won will not count for WPRA national and/or circuit standings, if applicable, unless the seven (7) day grace period is up prior to competition.

10.7.1.3.1. Use of additional releases will result in a major rule infraction.

10.7.1.4. A contestant who releases shall not be eligible to compete for seven (7) days, beginning with the first performance the release is used. She may, however, continue to enter events that have entry closings during this time. It will be that contestant's responsibility to notify the Procom of rodeos already entered so that she will be released. (Example: if release is used for the first competition scheduled for the fifth of the month, the first day the released contestant is eligible to compete will be the twelfth of the month) Anyone found in violation will be subject to a major rule infraction and forfeiture of all winnings including money, prizes and sponsor points.

10.7.1.5. Once a contestant releases out of a rodeo, she is out of the entire rodeo. Releases may not be used by go round only.

10.7.1.6. If Procom is notified of a withdrawal because of release prior to contestant competing in an event, her entry fee is not to be included in the payoff.

10.7.2. Visible Injury

10.7.2.1. A contestant may turn out due to illness or a visible injury to horse or contestant at the rodeo; provided the appropriate visible injury form is authorized by the judge.

10.7.2.2. In this instance the contestant shall remain eligible to enter or compete in any barrel race following the performance which she has turned out because of visible injury. Contestant may not compete on the day released up to midnight of that day.

10.7.2.3. Entry fees remain in the payoff, but all turnout fines will be waived. Entry fees not paid to the rodeo secretary are sent to the WPRA office.

10.7.2.4. Visible injury forms signed by the judge of a given rodeo must be received in the WPRA office with that rodeo's results.

10.7.2.5. A contestant may be held back to the end of a go-round, with approval, due to injury of contestant if contestant was injured at a PRCA/WPRA approved rodeo. Injury must be witnessed/acknowledged by a judge and contestant must be able to show a valid medical release if requested. Contestant must be last out in the go-round in which she is held back.

10.8. Turning Out

10.8.1. There is a \$10 fine to any contestant making a notified turnout in slack.

10.8.2. Any contestant turning out a paid performance of a rodeo, when she is up on her first or second preference, will receive a fine of \$50, unless slack was given as the first preference. Contestants must turnout through the Procom no later than three (3) hours prior to the performance she is scheduled to compete in. Entry fee must be paid.

10.8.3. Deleted

10.8.4. Failure to notify of a turnout during a performance shall result in a fine of \$100.

10.8.5. Failure to notify of a turnout during slack, \$20.

10.8.6. Failure to pay entry fee and fine will result in removal from the Procom.

10.8.7. A contestant may turn out her first run and take her second run.

10.8.8. Should circumstances change that make it possible for a contestant to compete after a turn out notification has

been made, it will be her responsibility to notify that rodeo individually, so she can be put back in the draw and allowed to compete.

10.9. Day Money System

10.9.1. In the event a barrel is off the marker, the timer or flagman is not in the proper position, the course is changed or altered in any way (i.e. markers moved to different location in arena, entire course moved to different location), or if barrel race is cancelled after some have competed due to dangerous conditions, the event may be paid off using the day money system in order not to sacrifice money won at that rodeo or event.

10.9.2. Multiply number of entries in a performance or slack by entry fee. Divide added money/purse by number of contestants in that performance or slack to determine amount of added money/purse paid per contestant. Add performance or slack entry fees plus purse per contestants in performance or slack. Deduct Five Percent (5%). Remaining figure will be amount of prize money paid per performance or slack.

10.9.3. In the case of cancellation of an event as per 10.9.1, if half or more of the contestants competed, then all added money plus applicable entry fees are to be paid out to those contestants and points will count. If less than half compete, a prorated portion of the added money plus applicable entry fees are to be paid out and only those points will count. Each performance should be figured individually, unless all performances contain the same number of contestants. Note: PRCA will not accept points for bonus programs if WPRA day money is paid at a PRCA rodeo. PRCA will not divide bonus points, but will disallow the entire rodeo.

10.10. Redistribution of Prize Money

10.10.1. If a result is received in the WPRA office and has not been figured correctly by the rodeo/event secretary it will be corrected with a REDISTRIBUTION OF PRIZE MONEY to those contestants who should be paid.

10.10.2. In the event a contestant violates the release seven (7) day competition rule, or a member continues to compete on a permit after her permit has been filled, the Board of Directors may elect to redistribute winnings including money, sponsor points and prizes.

10.11 Results

10.11.1. All Pro Rodeo secretaries are required to submit correct and completed results sheets, rule infraction sheets, contestants list, judge and timer sheets and must be returned overnight to the WPRA office.

10.11.2. Results shall include WPRA card number and a list of all entries in WPRA event(s).

10.12. TV Money

10.12.1. If a WPRA event is photographed, filmed or televised, the WPRA reserves the right to request an initial sum of money for its right and those of its members, plus the right to residuals of the outtake film footage. The WPRA may contribute a portion of any amount paid to the purse of the televised event. The WPRA retains all rights in and to filming, taping, still footage/photography, radio and television broadcasting or reproduction in any manner or form thereof of any WPRA sanctioned event.

10.12.2. Upon entering a WPRA sanctioned event to be filmed or televised with filming fees paid to the WPRA office, the contestants forfeit the right to negotiate for sponsor/ talent fees.

10.12.3. A member of the WPRA who enters a sanctioned

rodeo or event, and any stock contractor, official or staff of the rodeo, or other person admitted to the rodeo shall, as a condition of entry, employment, admission or other involvement therein, be deemed to consent to WPRA ownership of all rights in and to her appearance or other involvement therein, and the WPRA shall have the right, and may permit others as it sees fit, to dispense, reproduce, sell, and otherwise use any such person's name, voice, likeness, biography, photograph and other pictures in connection with the advertisement and promotion of the rodeo or sport of rodeo and any reproduction thereof, in any form. The WPRA shall not use a photograph of a specific contestant in connection with a product or service without the contestant's consent, provided that no consent is required for televising contestants in WPRA sanctioned events.

10.12.4. A member of the WPRA who participates in sanctioned rodeo events authorized the WPRA to act on the member's behalf as well as on the behalf of the WPRA in engaging in promotional activities relating to the conduct of the sport of rodeo.

10.12.5. A member may not be required to, and shall not, participate as a contestant or otherwise appear on any form of television, including pay, cable, subscription, closed circuit and/or sound depiction in connection with any WPRA event, unless the WPRA's written consent has been secured by the person seeking such participation or appearance, with the understanding that said consent must be obtained from the WPRA at least thirty (30) days prior to the first performance of such event.

Chapter 11 Payoffs

11.1. Rodeos Sanctioned by the PRCA

11.1.1. Five Percent (5%) of total prize money of all rodeos (purse plus entry fees) will be deducted from the prize

money and sent with the WPRA results to the WPRA office. This amount shall be deducted before determining payoff breakdown of four, six, eight, ten or fifteen monies.

11.1.2. Sponsor money is added after the Five Percent (5%) is deducted.

11.1.2.7. There shall always be an average paid on two or more go rounds. **Determine the amount of money to be paid in the rounds and average according to rules 11.1.3 or 11.1.5 for rodeos with a short go round. Using the total money in each long go round as a guide, determine the number of places to be paid; all averages will pay the same number of places as the long go rounds. No long go round or average shall pay more than 10 places regardless of the total amount of money in the average.**

11.1.3. Payoff for Go Rounds and Averages

11.1.3.1. TWO GO ROUNDS AND AVERAGE: Average is the same as the go-rounds. Divide before mentioned total by three (3).

11.1.3.2. THREE GO-ROUNDS AND AVERAGE: Average is one and a half (1 1/2) times the go-round. Divide the aforementioned total by nine (9). Multiply the answer by two (2) for the go rounds and three for the average.

11.1.3.3. FOUR GO ROUNDS AND AVERAGE: Average is two (2) times the go round. Divide the aforementioned total by six (6) and the answer will be the go round. Twice the answer will be the average.

11.1.3.4. FIVE GO ROUNDS AND AVERAGE: Average is three (3) times the go round. Divide the aforementioned total by eight (8) and the answer will be the go round. Three (3) times the answer will be the average.

11.1.3.5. MORE THAN FIVE GO ROUNDS: Average is never more than three (3) times the go rounds. Take the number of go rounds to be held, add three (3), and divide the total by this figure. The result is the go rounds and three (3) times the result is the average.

11.1.4. Ground Money

11.1.4.1. If not enough contestants qualify for the number of places to be paid in an average **or a go round**, the remaining places shall be divided evenly among those contestants who did **qualify**. **If no one qualifies, the prize money shall be divided evenly amongst all who competed. This money is considered ground money and will not count for official championship points.**

11.1.5. Payoff on Finals and Short Go Rounds

11.1.5.1. PAYOFF ON ONE GO AND SHORT GO: First

go 45% of purse, short go 10% of purse and average 45% of purse.

11.1.5.2. Two go rounds with a finals and average: Average is 11/2 times the go round. Deduct amount of the short go money from the aforementioned total. Divide the answer by seven (7). Twice the answer is the go round. Three times the answer is the average.

11.1.5.3. Three go rounds with a finals and average: Average is twice the go round. Deduct amount of the short go money from the aforementioned total. Deduct the remaining figure by five (5) and the answer will be the go round. Twice the answer will be the average.

11.1.5.4. More than three go rounds with a finals and average: Average is three (3) times the go round. Deduct amount of the short go money from the aforementioned total. Divide the balance by the number of go rounds plus three (3). The answer will be the go round and three (3) times the answer will be the average.

11.1.5.5. When a short go round or **finals** is desired, four (4) monies will be paid, and should be advertised as such in **the official publication of the WPRA or on www.wpra.com. 10% of the total purse will be deducted for the short go or finals.**

Producers of WPRA Approved Lead Sanction Barrel Races not held in conjunction with a rodeo, have the option of using the "rodeo payout" as listed above, or the following:

Up to \$800.....	4 monies
\$801-\$1200	6 monies
\$1201-\$1700	8 monies
\$1701-\$7000	10 monies
\$7001 and above	12 monies

This optional payout for WPRA stand-alone barrel races, uses the same percentages as the rodeo payouts. Producer must designate which payout will be used on approval form and in all advertising.

Chapter 12 Competition

12.1. Contestants

12.1.1. Each contestant will receive a complementary pass that will entitle her to a seat and a gate pass, unless membership card is used for the same purpose.

12.1.2. Contestants in the arena must not interfere with the work of the press and professional photographers, or with the vision of the spectators.

12.1.3. When a victory lap in a performance is required, contestant must ride. If she is unable to ride her horse, she must notify rodeo management so a horse can be made available.

12.1.4. Two contestants may ride the same horse.

12.1.4.1. Contestant must notify the rodeo secretary if two contestants are riding the same horse, and if they request a split. First contestant will remain in drawn position and second contestant must be moved to the bottom of the draw in that section. Contestant will not be subject to rules 9.2.11. or 9.2.1.1. running out of drawn order rules and violations.

12.2. Dress Code

12.2.1. Contestants appearance must be neat, clean and professional. Any contestant whose appearance is deemed unprofessional will be fined. The fine will be \$100.00. **Contestants must wear long sleeve shirts that are colored and have either buttons or snaps on the front of the shirt, jeans without holes, western boots and west-**

ern hat must be worn for all rodeo performances and slack.

12.2.2. Deleted

12.2.3. Helmets are acceptable for any WPRA competition.

12.3. Barrel Race Details

12.3.1. Barrel race is a timed event, using brightly colored 55 gallon steel drums. Race is run in a cloverleaf pattern around the barrels consisting of one (1) right and two (2) left, or one (1) left and two (2) right turns. If barrel(s) is knocked down, contestant must turn barrel(s).

12.3.2. Both ends of the barrel must be enclosed.

12.3.3. There shall be no rubber or plastic barrels or barrel pads used.

12.3.3.1. If barrel covers are used they should be used in slack as well as performances. Arena signage should remain in place for slack competitions. Same barrels must be used throughout entire rodeo.

12.3.4. There is to be only one contestant horse in the arena at a time during the barrel race, without exception.

12.3.5. Entry gate(s) will remain the same for all contestants during the entire rodeo unless otherwise posted in a WPRA Board approved ground rule. Failure to comply will result in disqualification.

12.3.6. Exit gate(s) will remain the same for all contestants during the entire rodeo unless otherwise posted in a WPRA ground rule. Failure to comply will result in disqualification, unless, if in the judge's opinion, every effort was made to comply.

12.3.7. The start/finish line and the position for the barrels must be marked permanently for the entire rodeo.

12.3.7.1. The Start Line is defined as the plane across the entire arena, fence to fence, regardless of the position of the electric timers. Crossing the start/finish line anytime before horse breaks electric eye beam to start run will result in a no time.

12.3.8. The contestant is allowed a running start. Gate(s) must be safe and fair for all contestants.

12.3.9. If the pattern is centered to the gate, contestant must keep forward motion toward the first barrel and forward motion when leaving the arena. Member must be allowed to set up her run as necessary, without circling, spinning or pivoting. (if you circle, spin or pivot there is a \$100 fine.) No intentional dismounting in the arena. If the member takes an excessive amount of time, she may be fined \$100 at the Judge's discretion.

If the pattern is not centered to the gate, member shall be allowed to set up her run as necessary, without circling. (If you circle there is a \$100 fine). A spin or pivot is acceptable. No intentional dismounting in the arena. If a member takes an excessive amount of time, she may be fined \$100 at the judge's discretion.

12.3.9.1. If arena gate is to be used as a center gate and contestant is required to run in, the barrel pattern should be situated in such a manner as is centered to the gate with the first and second barrel equal distance from the gate.

12.3.10. Time will begin when contestant crosses the start/finish line.

12.3.11. Contestant will be assessed a five (5) second penalty for knocking over a barrel before horse and rider cross eye/flag line completing run. Touching barrel is permitted.

12.3.12. Barrel must be set back on marker, if barrel is moved.

12.4. Judges

12.4.1. There shall be at least (1) one judge for the barrel race.

12.4.1.1. Judges are responsible for marking the barrel racing pattern as per the WPRA Rule Book prior to the first performance or slack. Judge(s) shall initially set barrels on markers. Judge(s) shall check barrel and eye markers with a tape measure prior to each rodeo performance.

12.4.1.2. Flag judge shall flag each contestant's horse's nose at the start/finish line.

12.4.1.3. Judge(s) shall have the right to stop the barrel race during a performance or slack due to "unsafe ground" conditions.

12.5. Reruns

12.5.1. Reruns would not be given on an individual basis due to ground conditions. If ground conditions are such that a rerun would be granted, barrel race should be stopped and all contestants in section(s) declared by judges granted a rerun when ground conditions are corrected. A section is defined as the maximum number of contestants in a performance or any number of contestants in a rake. Each contestant shall have the option to rerun or keep her recorded time. No penalties will be carried over to the rerun. The secretary, judge(s) and all other officials shall try to notify contestants of the rerun. However, lack of notification shall not be grounds to change the results.

12.5.1.1. When rerun is given, the time will be set by the judge and the section will run in the order originally drawn, with a thirty (30) minute time span if the contestant so desires.

12.5.1.2. If electric eye and back-up times are missed, contestant shall be granted a re-run per 12.5.1.1 with no penalties assessed.

12.5.2. Should, for any reason, the barrels not be placed on the markers or the flag man not be in the correct place, things must be put in correct order and all contestants who ran on the incorrect course must be rerun with no penalties assessed. However, if it is to the contestant's disadvantage, then she shall be allowed to choose whether to rerun or take her original time.

12.5.2.1. Judge(s) must make decision that barrels were not on marker. Should this happen, contestants and

judge(s) should be notified, then judge and/or arena director will set the time for rerun.

12.5.2.2. In the event a barrel is off the marker or the timer or flag man is not in the proper position and ALL contestants cannot be notified, and ground conditions cannot be corrected and a rerun is given, the rodeo will be paid off using the day money system in order not to sacrifice money won at that rodeo.

12.5.3. If a contestant feels she has been fouled during a competition run, she must immediately declare herself to the judge(s) (**i.e., pull up and stop your horse**) for the option for a rerun. This does not apply to unsafe ground conditions.

12.5.4. When a rerun is required for any reason, there shall be a delay of thirty (30) minutes, if contestant so desires.

12.5.5. Penalties assessed will not be carried over to rerun.

12.6. Slack

12.6.1. Barrel Racing slack will be held after a performance unless approved by the WPRA Circuit Director.

12.6.2. In any barrel race sections not a part of a paid performance, order of events provided by Procom will be followed. See 9.2.25. regarding competition discrepancy.

12.6.3. At least sixty (60) minutes must be given between runs when go round begins or ends in the same slack.

12.7. Exhibition Runs

12.7.1. A contestant cannot make any exhibition runs until all her competition runs at that rodeo have been made. Contestant cannot have an exhibition run made by another person on her contest horse until all competition runs have been made on that horse. Violation will result in a major rule infraction (See Rule 9.3.20).

12.8. Disqualification

12.8.1. Contestant will be disqualified for not being ready to contest when her name is called by the judge or announcer.

12.8.2. Contestant will be disqualified for missing pattern, consisting of a cloverleaf pattern, consisting of one right and two left turns, or vice versa.

12.8.3. Contestant must be mounted on her horse when she crosses the finish line. Horse and rider must cross the finish line at the same time.

12.8.4. Entry and exit gates will remain the same during the entire rodeo unless otherwise posted in a WPRA ground rule. Failure to comply will result in disqualification.

12.8.5. Secretary/timer shall make note of recorded time if contestant is disqualified for any reason.

12.8.6. Any disqualification of a contestant must be signed by all judges officiating the barrel race.

12.9. Ground Preparation

12.9.1. Committee is required to prepare ground in the arena to be consistent throughout the event. **REFER TO RULE 12.9.6.**

12.9.2. Ground must be worked if more than twelve (12) runs. Turnouts and releases will be included in the count.

12.9.2.1. If more than twelve (12) contestants are in a paid performance due to Procom or office error, a hand rake is acceptable.

12.9.3. In slack, ground throughout the barrel pattern must be worked with a tractor immediately before the barrel race and after the equivalent number of contestants drawn for a performance.

12.9.4. The ground in slack will be dragged after the equivalent number of contestants drawn for a performance, and will be dragged in the same position (between the same two contestants) when the second go starts in slack or the list is reversed for back to back runs in slack, performance or approved competition. Turnouts and releases will be included in the count.

12.9.5. When there is no rodeo performance to use as a guideline, the ground around the barrels shall be worked immediately before the barrel race and after not more than twelve (12) contestants have run.

12.9.6. If competition runs for go rounds are made both in slack and a performance, the ground for slack should be prepared so it is as similar as possible to the ground during the barrel race performance. For example, if slack is in the morning and barrel racing is first in slack, the ground should be watered at least two (2) hours prior to the start of slack. **REFER TO RULE 12.9.1.**

12.9.7. If a vehicle is to enter the rodeo arena either during or immediately prior to a performance or section of slack, thereby causing ruts to be left in the arena ground, either (i) the vehicle must enter the arena only after the barrel race is completed, or (ii) the arena ground must be re-prepared prior to the beginning of the barrel race competition.

12.10. Unsafe Arena Conditions

12.10.1. If the arena conditions are deemed at any time to be unsafe by the arena director, judge or the primary stock contractor, competition may be stopped until such time as the arena conditions are deemed satisfactory by the individual or individuals who initially determined the arena conditions were unsafe. If arena conditions cannot be changed and improved to make conditions safe, event may be cancelled by judge, stock contractor or arena director.

12.11. Barrel Pattern

12.11.1. The standard **pattern** for Barrel Race is: ninety (90) feet between barrel one (1) and two (2); one hundred five (105) feet between barrel one (1) and three (3) and between barrel two (2) and three (3); sixty (60) feet from barrels one (1) and two (2) to the score line. Score line should be at least sixty (60) feet from end of arena, if arena allows, and not less than sixty (60) feet.

12.11.2. The following shall be used in smaller arenas.

12.11.2.1. Barrels one (1) and two (2) should be at least eighteen (18) feet from the sides of the arena. In extra small arenas they may be less. In no instance should

they be any closer than fifteen (15) feet from the sides of the arena.

12.11.2.2. Barrel three should be no closer than twenty five (25) feet to the end of the arena.

12.11.2.2.1. Barrel pattern should be situated in such a manner as is centered to the gate with the first and second barrel equal distance from the gate.

12.11.2.3. If arena size permits, a standard pattern is preferred. **The score line may be shortened for the safety of the contestant and horse.**

12.11.2.4. In small arenas, it is recommended the pattern be reduced proportionately to a standard barrel pattern. By no means shall the stopping distance be less than forty five (45) feet.

12.11.2.4.1. Anytime there is a closed gate, (i.e. Running home), special attention should be paid to the stopping distance to allow the maximum amount of room (which could be more than 60 feet) for the safety of the contestant and horse.

12.11.2.5. A “run out” alley may be included as part of the stopping distance, when necessary, or when the overall length of the arena does not allow for **sixty (60)** feet stopping distance. Decision is subject to Director approval. An open gate into a “safe” alley may be used as part of the **sixty (60)** feet stopping distance when necessary and upon Director approval. A “safe” alley must be a minimum of ten (10) feet wide, meaning that there will be a minimum of ten (10) feet between any obstructions in the alley. Alley way and any subsequent crossbars must be a minimum of twelve (12) feet high. Any bars, boards, wires or cords crossing the alley floor must be reasonably covered to protect the horse and rider. The alley must be well lit, free of people and horses and have a dirt floor. The stopping distance in the alley must be at least as long as the stopping distance provided in the arena.

12.12. Marking Barrels

12.12.1. Determine from which gate contestants will enter the arena from and mark pattern accordingly. If arena gate is to be used as a center gate, and contestant is required to run in, barrel pattern must be situated in such manner as is centered to the gate with the first and second barrel equal distance from the gate. If contestant is not required to run in, a standard pattern must be set, and no larger, as arena size and conditions permit.

12.12.2. Markers may be a pointed metal stake, horseshoe or can with a chain or rope attached to the end of it. Cover the object, leaving only chain or rope on top of the ground.

12.12.3. Markers should be buried at the location of each barrel, so the barrels will be in the same place during each complete go round.

12.12.4. Permanent markers should be set for the timer. Overhead lasers may be used to mark barrel pattern.

12.12.5. Judges are responsible for making sure pattern is set according to WPRA Rule Book prior to first performance or slack.

12.12.6. Once a barrel pattern is set, any change to the pattern must be approved in writing, on the original barrel pattern sheet, by the judge. Failure to do so will result in a \$100 fine for the person(s) changing the pattern.

12.12.7. At all rodeos even if there is a permanently marked pattern, judges will post one copy of pattern measurements and either keep or give the remaining copy to the rodeo secretary. **Rodeo secretaries are required to return a copy of the pattern to the WPRA office when sending in results.**

12.12.8. Brightly colored 55 gallon steel drums with both ends enclosed must be used. There shall be no rubber or plastic barrels or barrel pads used. Same barrels must be used throughout entire rodeo.

12.12.9. When setting barrels on marker, center of barrel shall be positioned over where marker comes out of the ground.

12.12.10. When rodeo has non-pro, junior barrel race, or queen contest that uses the cloverleaf pattern, or any barrel race held in conjunction with a WPRA barrel race, this race must be run after the WPRA barrel race.

12.12.10.1. An additional event requiring the use of a barrel must not be put on WPRA barrel markers.

Chapter 13

Eye Setup/Flagging/Timing

13.1. Electric Eye Setup

13.1.1. All WPRA barrel races must be conducted with the use of electric eye timers. Failure to use an electric eye will result in a fine for the stock contractor of \$250.00 for the first offense, and doubling progressively thereafter.

13.1.1.1. Equipment necessary: complete electric eye timer plus one extra timing clock or two stopwatches to be operated manually.

13.1.1.2. In the event the electric eye fails to operate; the backup watch(es) shall be used.

13.1.2. Permanent markers shall be put in the ground for the electric timer. Electric timers shall be placed on the score line no closer than the width of the first two (2) barrels for the electric eye to be centered in each performance.

13.1.2.1. When the backup flagger is unable to stand directly behind the electric eye (i.e. timer is in the fence) and if the electric eye fails to work, the contestant must be given a rerun.

13.1.3. When setting electric eye on the markers, center of eye should be positioned over point where marker comes out of the ground.

13.1.4. If electric timer is mounted in the fence it must be on a permanent post.

13.1.5. Line on fence for flag man shall be well marked. These markers should be checked every performance along with the barrel markers and re-staked if pulled out.

13.1.6. Set timer the same height and position each performance and lock the legs. Height of tripod shall be waist high.

13.1.7. PRCA Stock Contractors and/or Rodeo Committees shall not use WPRA owned electric timer for use in timing any non-WPRA approved event, unless by special approval of the WPRA Board of Directors.

13.2. Timing

13.2.1. If the electric eye fails to work, regardless if it is the first performance, every attempt should be made to make the electric eye work for the remaining performances.

13.2.1.1. In the event the electric eye fails to operate; time from each of the two stopwatches shall be averaged, and a zero will be added to the tenth (i.e. 17.1 becomes 17.10).

13.2.1.2. If the electric eye fails to work for more than one half of the contestants who competed in an entire go round, the back-up (manual) recorded time will be the official time for all contestants in that go round.

13.2.1.3. If electric eye and backup times are missed, contestant shall be granted a rerun per rule 12.5.1.1., with no penalties carried over.

13.3. Flagging

13.3.1. Read out box times must be read and recorded by official timer in 100ths of a second. One timer will record the times that appear on the electric eye readout. Additional timers will operate the backup manual clocks and will record the time shown thereon. They will operate from the flag man's signals, and record the time in tenths of a second.

13.3.2. The flagger/judge shall stand directly behind the electric eye and shall not move from his position at any time.

Chapter 8

Drawing Positions

8.1. Positions must be randomly drawn using number plastic poker chips. A chip for each entry will be placed in the hat and starting at the top of the entry list, a chip will be drawn out and that is the position the entrant will compete in.

8.2. In the case of multiple go rounds: For all events of a performance preference rodeo, the positions are drawn for the first go round with the positions of the second go round being the reversal.

8.3. Deleted

8.4. In those events where subsequent go round is the reversal of the previous go round, if a go round ends and the next one starts during the same performance, contes-

tants finishing the go round will be dropped off and start the next performance for their next head of stock. This same procedure will be followed if drawing of positions result in a contestant drawn twice for the same performance.

8.5. Contestants may trade positions provided the rodeo secretary and the stock contractor are agreeable. WPRA Rodeo events only.

8.6. A go round must be finished before the next go round starts, with the following exceptions: re-rides in the riding events, riding events with a go round finishing and the next one starting during the same performance and back to back.

8.7. If a performance preference is accepted by a rodeo, only members or permit holders will be allowed to make such requests.

8.7.1. For performance preference rodeos, contestant shall indicate, when she enters, whether or not she has a preference for which performance she is up in the first go round. A maximum of two (2) preferences will be allowed. In the case of two or more go round contests, middle may be designated as a preference. If slack or middle is designated as a preference, a specific performance must also be designated. Middle will be defined as the performance or slack in which the first go round is completed. After entries close, a master priority list will be drawn and then sorted into respective events. Card holders will be listed first, permit holders second and locals last on the event priority lists.

8.8. After the draw has been completed, the secretary will start with one event and start at the top of the priority list, placing card holders in the performance of their first preference. The secretary then goes back to the top of the priority list and places contestants not placed into their first preference performance into their second preference performance.

8.9. When a performance is filled for the contestant's first and second preferences she is to be held and placed where she is needed along with those contestants with no preference.

These contestants will be placed in performances and/or slack lacking contestants in the order they appear on the priority list.

8.9.1. In the timed events, contestants shall be placed at the bottom of the performance they request if they are drawn on the priority list to receive their preference.

8.10. For non-performance preference rodeos, contestants will be placed in open performance positions in direct accordance with a random draw.

8.11. Rodeos having two (2) sections in the same performance of any rodeo event must notify the contestant when she calls back. In the instance a contestant was not notified of her specific section she will be assumed to be in the last section of that event in the specific performance. Said contestant shall receive her stock back if she arrives in time for the last section of her event.

8.12. In timed events a position will be drawn for the first go round and the position reversed for the second go round.

8.12.1. If a go round ends and the next one starts during the same performance, contestants finishing the go round will be dropped off and start the next performance for their next head of stock.

8.12.2. If there are three go rounds, positions will be drawn again for third go round. Continue this procedure for subsequent go rounds.

8.13. If there are three or more go rounds in timed events and no rerun cattle, a specific number of high contestants may be held until the last performance. These contestants will be placed first, and positions for the remaining contestants determined by the above rule.

8.14. A go round must be finished before the next go round starts, for back to back runs or when a go round finished and the next one starts in the same section of the same performance.

8.15. After positions are drawn for timed events, a list of these positions must be posted at the rodeo office. **8.16.** In timed

events, a complete go round must be finished before any contestant can compete on her next head of stock, except for stock that must be held over.

8.17. If late entries are accepted in any event after positions have been drawn, a redraw in that event must be held to make it fair for all entries. **8.18.** Cattle may be held until the end of roping in case of injury to contestant if judge is notified before cattle are loaded.

8.19. Herd defined: in the timed events, herd shall be defined as those animals designated prior to the start of the first go round to be used in any given event. Once a herd is established for a rodeo, no animals may be added to the herd.

8.19.1. Extra defined: In the timed events, if pens are drawn from the pre-designated herd, at least one more animal than the number of contestants should be drawn to be used in case of misdraw. Following the cattle draw, that animal (or animals) remaining shall be considered the extra(s).

Chapter 9 Drawing Stock

9.1 Drawing Stock

9.1.1. Plastic poker chips must be used.

9.1.2. All stock in contest events must be drawn by number by a judge, including team roping cattle. Any arrangements to the contrary for team roping must be approved by the Team Roping Director prior to the first performance of the rodeo. There must always be as many as four (4) exact copies of the draw, one to be posted, one copy for each judge, and one or more copies for the arena secretary's records. The draw at all rodeos shall be posted where contestants can examine it. Receptacle containing numbers to be drawn must be held above the drawing judge's head and number shaken between each number drawn. Drawing must be conducted so that any entrant may witness the draw.

9.1.3. In all events, stock may not be drawn for a contestant if she has notified that she is turning out in that go round, or has been disqualified.

9.1.4. No contestant may compete on the same head of stock twice at any rodeo in the same event.

9.1.4.1. A team in the team roping may not draw the same steer twice.

9.1.4.2. An individual entered with separate partners may draw the same steer as long as it is not with the same partner.

9.1.4.3. It is the contestant's responsibility to run the correct drawn stock for her. If a contestant ropes the wrong stock she will automatically receive a "no time" and that stock will be brought back for the contestant who had the original draw on it to compete. THERE WILL BE NO RERUNS FOR THE CONTESTANT WHO ROPED THE WRONG STOCK. Judge will make the final decision in case of misdraws or misnumbers.

9.1.14. In timed events, no drawn stock can be held over from one performance to the next or overnight.

9.1.15. No pens of stock in the timed events may be drawn for more than one day in advance. Pens of stock shall be

drawn by the judge and arena secretary shall provide judge with an exact copy of the draw.

9.1.16. In timed events, stock already drawn in a pen, but not used, shall be placed in subsequent draw.

9.1.16.1. Reruns will always be drawn from the whole herd used in the draw, not from those calves that are missed, when calves are not fresh. When calves are fresh, reruns will be drawn from missed calves when reruns amount to less than ten percent (10%) of the ropers entered at that rodeo. These reruns will be drawn from calves on which there is not time for that go round up to the performance that ends the go round, provided there are enough of these calves.

9.1.17. If there are not enough calves with no time in that go round up to the performance that ends the go round, the reruns will be drawn from all calves being used except for any drawn for the performance that ends the go round.

9.1.18. In timed events, stock will not be drawn except one run and one go round at a time. All cattle in the draw will be run one time before any cattle will be run twice, etc. When due to a split performance, this procedure becomes impossible, the draw will include cattle remaining that have been run the least number of times. Immediately after a split performance, the draw will then revert to the cattle that have been run the least number of times. Any animal drawn and not competed on shall be considered a run. Extras may be added only if run an equal number of times at that rodeo.

9.1.19. In finals or short go, draw will be made from last position to first position. Other events should run accordingly.

9.1.20. At least twelve (12) head of stock will be used in the finals at all televised rodeos unless otherwise specified at time of rodeo's approval.

9.1.24.1. In all approved roping events, unless special approval of the Roping Director has been given for other circumstances (see Rule 11.1.11), if cattle are chute run; The first three contestants and respective drawn stock will be run in order, all other drawn stock may be loaded in random order, contestants will be responsible for being ready to compete when called and for roping the correct stock which was drawn for them. All cattle in full rodeo performances and slack will be run in the order drawn, and not chute run.

9.2. Misdraw

9.2.1. Misdraw defined: any animal drawn to a contestant which must be replaced will be considered a misdraw.

9.2.2. Three misdraws. If three or more head are misdraws, all unused stock shall be put back in the draw and redrawn.

9.2.3. Misdraw discovered prior to a performance during slack or during jackpot. (a) If one or more extras are available, all animals not competed on below the misdraw up to the end of the run on the cattle shall be eligible to be drawn. One animal is drawn, that being the animal assigned as the extra. All other contestants will be assigned the extra animal(s). (b) If no extras are available, all unused animals below the misdraw up to the end of the run on the cattle shall be eligible to be drawn, with the last unused animal drawn in that run designated the extra.

12.2.1. Rope must be tied hard and fast, and contestant must use a neck rope on horse. Contestant must rope calf, dismount, go down rope, throw calf by hand and cross and tie any three feet. If the calf is down when roper reaches it, calf must be let up and thrown down by hand. If calf is jerked down after the initial jerk, a roper's hand must be on the calf to be considered thrown by hand. If a calf is down and not thrown by hand, prior to flanking and tying, the roper must either allow the calf to stand on his feet; the calf may be squatting, but must be on his hooves and not on knees or hocks or the roper may lift the calf high enough and in a manner that his legs and feet are hanging in a standing position which would allow him to regain his feet in a standing position if let go of. For catch to be considered legal catch-as-catch-can, the catch rope must hold horse to calf until roper gets hands on calf. Tie must hold, and three legs remain crossed until passes on by the judge. Roper must not touch calf after giving finish signal until after the judge has completed his examination. If tie comes loose or calf gets to his feet before the tie has been ruled a fair one, the roper will be marked no time. Animal belongs to the contestant when she calls for him, except in cases of mechanical failure, animal escaping arena, and/or fouls.

12.2.2. Calf roping and team roping cattle must be lined.

12.2.2.1. Line judge should position him/herself at the score line on the same side as the contestant providing arena structure will allow such positioning. A liner should be on the opposite side of the line judge at the score line.

12.2.2.2. Two (2) loops will be permitted in average ropings only. In one (1) head ropings, only one (1) loop will be permitted. Back gate of arena is open or closed at sole option of producer. Gate status need not be posted.

12.2.2.3. Any timed event contestant who fails to heed an initial warning from the field flagger that she is mistreating an animal will be fined one hundred dollars (\$100) for the first offense and two hundred dollars (\$200) for the second offense. In addition, if warranted, the field flagger may disqualify that contestant from that event for the remainder of the rodeo.

12.2.3. Contestant must adjust rope and reins in a manner that will prevent horse from dragging calf. Contestant must receive no assistance of any kind from outside. If horse drags calf, field judge may stop horse and any penalty for such offense can only assessed by the flag judge.

12.2.4. In the event a contestant's catch rope is off a calf after competition of tie, the six (6) second time period is to start when roper clears calf.

12.2.5. The field flag judge will pass on the tie of calves through use of a stop watch, timing six (6) seconds from the time the rope horse takes his first steps forward after the roper has remounted. Rope will not be removed from the calf before the tie is complete.

12.2.6. Flagger must watch calf during the six (6) second period and will stop watch when a calf kicks free using the time shown on the watch to determine whether the calf was tied long enough to qualify.

12.2.7. Roper will be disqualified for removing rope from calf after signaling for time, until the time has been passed on by the field judge.

12.2.7.1. Judge can signal for others to held the contestant in an emergency, after she has completed her tie to help untangle her horse, for the safety of the animals, provided no one touches the tie and once her rope is removed from the saddle horn or calf's head, then the six (6) second period will start for the calf to remain tied.

12.2.8. Two (2) loops will be allowed in average ropings only. If roper intends to use two (2) loops in an average roping, she must carry two (2) ropes and must use the second rope for the second loop.

12.2.9. All roping calves must be the same breed and crossbreeds must be of the same cross. If there is any deviation from this, it must be approved by a Director.

12.2.10. If an animal that is drawn in a pen in a timed event becomes sick or crippled before it is out that time, a judge must pass on the animal's inability to be used before it can be skipped or replaced in the draw.

12.2.11. An automatic barrier must be used at all rodeos for calf roping. The maximum length of score shall be eighteen feet (18'), score equaling the length of the box minus four feet (4'). All score lengths are subject to calf roping Director or representative approval.

12.2.12. Neck ropes must be tied with string. No metal snaps or hardware shall be used on neck ropes in the timed events. Adjustable slide will be used on all neck ropes for cattle used in the timed events.

12.2.13. There shall be two (2) or more timers, a field flag judge and a barrier judge. Time to be taken between two flags. Arena conditions will determine score, length of score to be set by arena director and a WPRA spokeswoman or Director, if present. Animals used for this event should be inspected and objectionable ones eliminated.

12.2.14. Calves must weigh between 160-200 pounds. If the stock contractor cannot make this scale, the contractor must have the calves approved by the Event and WPRA Director before the event.

- 12.2.15.** Ten second penalty for beating or breaking the barrier.
- 12.2.16.** If after one go round has been completed, a fresh calf has to be used, the calf must be roped and tied before the drawing; but if extra calves have been tied at that rodeo they will not be considered fresh.

- 12.2.19.** Timed event contractor must have one third (1/3) the number of stock.

12.3. Breakaway Calf Roping Regulations and Explanation

- 12.3.1.** An automatic barrier must be used at all rodeos for breakaway roping. The maximum length of score shall be eighteen feet (18'), score equaling length of box minus four feet (4'). All score lengths are subject to breakaway Director or representative approval.
- 12.3.2.** There shall be two or more timekeepers, a field judge, a barrier judge and as many other officials as the local management finds necessary.
- 12.3.3.** Two (2) loops will be permitted in average ropings only. In one head ropings, only one (1) loop will be permitted. Roping the calf without releasing the loop from the hand is not permitted.

WPRA Rodeo Championship Standings

14.1 Event Champions

14.1.1. Event Champions will be determined by money won at WPRA approved events and **co-approved events including the finals.**

14.1.2. Standings will be kept according to money won at any WPRA approved contest. When payoff is incorrectly made, winnings shall be posted according to the corrected payoff figures as determined by WPRA rules.

14.1.3. The WPRA card member receiving the most money won in each of the four (4) standard events (TDCR, TR, BWK, GBR) will be named champion of that event.

14.2. World Championship

14.2.1. Deleted

14.2.2. Both a World Champion Header and Heeler will be named in the team roping. A contestant will be allowed to qualify on both ends if in the top 15 or Top 5 in her designated Circuit. In the case that two people had qualified on both ends and after the pairing of partners, these contestants were left to rope together, they would be allowed to switch ends at the Finals only if no other person wished to rope with them. If at the time of the Finals someone in the top fifteen (15) or top five (5) in her designated Circuit decided not to attend, the next person on the list in order would qualify and be allowed to count points. If an emergency occurs that allows someone not to be partnered at the Finals and it is too late to notify the next person, the next available person will be notified in the standings but will not be allowed to count points if entered person is skipped. If no one in the standings is available, a

person entered in the Finals in another event will be allowed to rope but points will not count for standings. A person qualified on the other end in the team roping will not be allowed to fill this position in the last instance.

14.2.3. Championship buckles will be awarded in the four (4) standard events (CR, TR1, TR, BWK).

14.3. WPRA Rodeo Rookie

14.3.3. Money earned at the Finals will count towards Rookie standings.

14.4. All Around

14.4.1. All Around Champion standings will be counted from money won in WPRA lead-sanction events where at least four (4) of the four (4) standard events are held.

14.4.2. In order for the barrel race to count as one of the four events, it must be a straight payoff, not a divisional format. To determine the All Around Champions at WPRA Rodeos, in addition to year end All Around Champion, contestant must win money in two (2) or more events.

14.4.3. Team Roping All Around Points. Team ropers will be allowed to enter twice in all contests. However, if you enter twice on the same end in a rodeo, only the highest placing will count for All Around Standings. Both places will count for the team roping standings. If you place once heading and once heeling in the same rodeo, both will count for All Around points.

14.4.4. When the barrel race is approved through the WPRA Roping division at WPRA lead sanctioned and/or co-approved events and rodeos, the barrel race will count toward the Roping Division Circuit with regard to the WPRA Roping Division Barrel Race Standings. To be eligible for winnings to count for Standings in the Roping Circuit in the barrel racing, you must rope at the WPRA sanctioned event where you have won money in the barrel race. Only earnings won at lead sanctioned events and/or roping co-approved events will qualify toward the Roping Division barrel racing standings.

14.5.5. Non-money earners will be allowed to compete per Board's approval only if there are not enough contestants to make a full fifteen (15) contestants.

14.5.6. The Top 15 Contestants in World Standings ranking, and the Top 5 Contestants in each Circuit in Standings

ranking, in each of the four standard (TR x 2, Td-Cr, BAW) events will be eligible to compete in the WPRA Women's National Finals Rodeo. If a contestant is qualified in both the Top 15 of the World Standings and in the Top 5 of her designated Circuit, then the 6th place qualifier in her Circuit will be eligible to compete at the Finals. If a timed event does not have enough qualifiers to fill all positions at the Finals, then that particular event will only host down to the number of qualifiers who are eligible to attend the Finals. In this case, qualifiers shall not be less than 15 contestants. In the barrel race, the Top 5 Contestants in the Roping Circuit will be eligible to attend the World Finals Barrel Race to be held at the Women's World Finals Rodeo. (This does not apply for barrel racing circuits not in Roping.)

Chapter 16 Co-Sanctioning Rules and Procedures

At the discretion of the WPRA Roping Director, roping may be co-sanctioned with other organizations. Co-sanctioning approval fees are \$25.00 per event, or, \$20.00 per event if the producer submits approval applications for three (3) or more events at the same time.

The WPRA Roping Director will use discretion when making all co-sanctioning approvals so as to not approve numerous small jackpots in an area where it is evident that producers are having events only to cater to a secluded group. Further,

Director shall exercise discretion in making approvals spread out over the United States vs. having heavy approvals in one state, region or circuit. Side Pot/Incentive money may be approved by Director.

As a condition of WPRA's approval of co-sanctioning, Producer shall agree to fax and mail a copy of the event results, to WPRA headquarters, within three (3) business days from the end date of the event. All Producers must specify, in writing, on approval application, the roping or event format, payoff structure, and production fees, or producer withholdings.

When competing at a co-sanctioned event, WPRA members, will be competing under all ground rules, judging rules, and payoff formulas that are used by the primary sanctioning body, or production body. WPRA members acknowledge that when competing in a co-sanctioned event, WPRA will have no responsibility to guarantee payoffs, enforce any rules of the primary sanctioning body, or production body, and, does not guarantee that WPRA members will be competing exclusively against women.

The Roping Director shall consider applications on the following conditions

1. Breakaway and Tie Down Calf Roping jackpots held at USCRA sanctioned ropings, and/or various Associations' Rodeos. 2. Team Ropings produced by USTRC and/or Affiliates, Rope America, various Associations' Rodeos, and known team roping producers are the preferred team ropings that will be considered for co-sanctioning. Other roping producers will be considered for co-sanctioning on an individual basis. Producers must be willing to demonstrate that they hold their ropings in accordance with recognized standards of judging professionalism demonstrated by USTRC rules, or WPRA rules. No ropings will be approved that "flag on the heels" and/or that utilize a "barrel" type system in place of an electric eye barrier or rope barrier score line.

In order to qualify for the WPRA Team Roping Standings, the team must be a "female only" team. For co-sanctioned team roping, only the two highest placings shall count toward a member's year end team roping points. No mixed teams will be considered for approval if one partner of the team is not a WPRA member, but is also female, then the partner who is a WPRA member shall be eligible to count her half of the winnings toward WPRA Standings. A roper's winnings shall count toward "header" or "heeler" Standings, based upon the end which she initially entered on. Acceptable roping formats are:
